Frequently Asked Questions

How do I register for classes?

If you are a **Georgia Tech student, faculty or staff member**, you can go to the website and click on “Register- Stu/Fac/ Staff”. You will be directed to Tech Stuff, where you will log-in and can pay using your BuzzCard or a credit card. If you are an **Alumni or a community member**, you can go to the website and click on “Register- Alumni/Community” for the offline form. Please continue to check for updates on the site for online payment options.

What happens if I don't like the class?

For most classes you are able to submit a Refund Request. Please be sure to read the Refund Policy, as the amount you will be refunded is determined when you submit your Refund Request and will be assessed a \$5 processing fee. Refer to the Refunds Policy for more information.

If I am student, staff or faculty member at Tech, how should my spouse/partner register for a class?

You can register for more than one seat in a class. Just email options@stucen.gatech.edu to have the name and contact information changed for your spouse/partner. If you are registering them for a different class, purchase only the one spot and email us the proper name and contact information.

If a class is canceled due to low enrollment, do I still get a refund?

Yes. You will receive an email instructing you to complete a Refund Request. You will not be assessed the processing fee and will receive a full refund. Requests must be submitted within two weeks of notification of cancellation.

Can I register later in the semester for classes that start later in the semester?

You can register after registration has ended only for those classes that have not begun, or for an OPTIONS Experience.

How do I know which dance class I want to take?

You are able to try out the first day of an OPTIONS dance class for free and register that evening. We welcome you to speak to the instructors at the end of class to determine if you should be in a beginner vs intermediate class.

How do I suggest a new class that I want to teach or know someone who can?

We are always looking for new and interesting Classes and Experiences, please refer to the “Suggestions” or “Proposal Instructions” buttons on the OPTIONS website.

If I miss a class, can I be refunded for that class?

No. Registration fees are for the whole class, and cannot be broken into class periods for individual refunds.

Can I give a class to someone else as a gift?

Yes, just register for the class and email options@stucen.gatech.edu to have the name and contact information changed on the roster. We can even send you a gift certificate (with no cash value) to give as the actual gift.

For any other questions, just email us at options@stucen.gatech.edu
