

6. Campus Space Use Procedures

These procedures address the non-commercial use of campus space.

The application of these procedures will be consistent with the Policy on Freedom of Expression set out in [Section 5.1](#) of the *Faculty Handbook*. These procedures apply to the use of land and buildings owned or leased by the Institute by students, faculty, staff, and/or members of the general public. These procedures do not apply to the Institute's official departmental uses of Institute property. These procedures are based on a due regard for the purpose for which real property is owned or leased; the purpose for which the facility is established; the safety of the applicant, of Institute students and employees, and the public; the safety and maintenance of Institute property; the need for and the availability of supervisory personnel; and the maximum number of people who can safely use the property at one time.

These procedures apply to all faculty, staff, students, of Georgia Tech (GT) and the general public. Individuals who are not students or employees of the Institute are required to abide by all pertinent campus policies and regulations while on Institute property. Activities on Institute property may not violate any federal, state, or local safety code, including regulations set by the State Fire Marshal and the Campus Carry Guidance document (see <http://www.police.gatech.edu/campuscarry>).

The sponsor(s) of the activity are responsible for:

- sponsoring and supervising the event,
- assuring that the scheduled facilities are used for the purposes for which they were scheduled,
- operating costs (those that apply),
- reimbursing the Institute for damage to Institute property or facilities that might occur in connection with the scheduled activity, and
- ensuring that all promotion and advertising of events involving the use of Institute facilities identifies the individual or group that is the sponsor of the event and all groups involved in funding or facilitating the event.

Institute students, faculty, and staff may not reserve an Institute room or space on behalf of or for the use of an outside organization if the sole or primary reason is to allow the outside organization to obtain a reduced rate for that use.

The Institute may charge custodial fees and rental fees for furniture and audio-visual use in accordance with Institute policies. The Alumni Association, the Campus Recreation Center, the Ferst Center for the Performing Arts, the Georgia Tech Athletic Association, the Global Learning Center, the Historic Academy of Medicine, the Student Center, the Student Success Center, the Technology Square Research Building, and the Wardlaw Building may set their own rental rates for use of the venues they steward, in consultation with CPSM. The Office of Capital Planning and Space Management is responsible for establishing rental rates for centrally scheduled classroom spaces and for filming in campus buildings and outdoor spaces, in accordance with Institute policies.

Failure to comply with these procedures may result in denial of use of Institute space and facilities.

Anyone who is planning a public assembly and has questions may contact the Office of Capital Planning and Space Management (CPSM) through events@cpsm.gatech.edu. CPSM can provide guidance if there are any questions regarding these procedures.

GT groups can reserve campus space by logging into GT Events from the CPSM website by clicking “reserve space.”

Chartered student groups and recognized faculty and staff organizations are eligible to apply for approval for overnight stays (three nights 10 p.m. – 7 a.m. per month) if the following conditions are met: Overnight stays for no more than three consecutive or non-consecutive days may occur only in areas designated by CPSM and whose group members are students, faculty, or staff of the Institute. Rejection or approval of these requests is determined by CPSM based on the location and size of the structure to be placed in the reserved space, to avoid safety and security issues.

- b. CPSM shall advise each applicant how to correct, if possible, any conditions that preclude approval of his or her application. Even if an applicant is entitled to have its application approved as submitted, CPSM may give advice about other possible locations, or about modifications to the exhibit, that would avoid potential problems or make the proposed exhibit more workable.
- c. An outdoor exhibit may be displayed for up to five (5) consecutive days. The exhibit must be removed at the end of each business day and may be re-erected each morning. Institute persons and organizations may request an extension beyond the initial five-day period, subject to space availability. This time limit does not apply to academic or administrative units.

6.6 Procedure for Review of Denials

1. If the request for use of facilities is denied, any sponsoring person or organization may file an appeal with the Chair of Committee on Use of Institute Facilities (see **Section 6.2**) not later than five (5) business days after the notice of denial is sent.
2. The Committee on Use of Institute Facilities will consider the appeal within seven (7) business days after filing. The Committee on Use of Institute Facilities, in its sole discretion, may request that the aggrieved party and the appropriate scheduling officer appear before the Committee on Use of Institute Facilities.
3. The Committee on Use of Institute Facilities shall, within seven (7) business days from the date on which the appeal was filed, serve upon the applicant a decision affirming, modifying or reversing the denial. If necessary, the Committee on Use of Institute Facilities will attempt to expedite its review.
4. Notice shall be deemed served upon the applicant when it is personally delivered or when it is sent by email or United States mail, with proper postage prepaid, to the name and address set forth on the application for permit.
5. If the appeal is neither granted nor denied within seven (7) business days after it was filed, it shall be deemed granted, and the invitation to a non-Institute speaker may be issued.

6.9 Rental or License of Facilities by Non-Institute Persons or Organizations

6.9.1 Conditions of Rental or License

The physical facilities of Georgia Tech are not generally available for rental or license. Under specific conditions, however, the President may authorize or delegate the approval for the license or rental of physical facilities of the Institute, under certain conditions.

The conditions include, but are not limited to, the following:

1. The facilities involved are not required during the period of intended license/rental for any Institute purpose.
2. The use of the facilities shall be restricted to purposes that will benefit directly a major segment of the population of Georgia Tech in an educational or entertainment context, or which are compatible with the academic and residential functions and responsibilities of the Institute.
3. The non-Institute parties seeking the license or rental must demonstrate sound financial and management capabilities related to responsible utilization of the facilities and must provide an IRS ID number, bonding, and insurance protection.
4. The rental/license rate shall be set at fair market value as determined from the current rate for similar facilities in the City of Atlanta. Adjustments may be made for events that are sponsored and managed

by the appropriate committees of Student or Faculty Governments or by Tier One or Tier Two student organizations (as defined by the SGA by-laws).

5. The net income from all licenses/rentals shall be utilized to support related programs, or to maintain and improve the physical facility that is used to generate such income.

9. Comply with the policies of the Board of Regents, the Institute and the State of Georgia concerning alcoholic beverages, tobacco and smoke-free products, and campus carry guidelines on campus.
10. Take reasonable care to ensure the physical safety and health of the participants and spectators.

6.9.2 Classification of Activities and Events

Use of Georgia Tech facilities by an external organization for an activity or event will be classified in the following levels:

Level 1 is an activity that affects the venue itself and will have no impact on other campus functions or services.

Examples: A team wishes to use Roe Stamps Field for a practice on an hourly basis. A team wishes to rent a specific number of lanes to practice in the Campus Recreation Center Aquatic Center. A small group wishes to use a particular facility for a short-term activity.

Level 2 is an event that will have an effect on campus services adjacent to the venue.

Examples: A swim event at the Campus Recreation Center (CRC), or a concert, which will affect such campus services as parking and landscape.

Level 3 is an event that will have a major impact across the campus, and that will require coordination of a wide variety of campus facilities and/or services. These events may involve scholarly conferences, academic camps, commercial films or television, attract a large media contingency, and require significant traffic control, security, and parking.

Examples: Georgia State Games, USA National Championship, International Championship, a large outdoor concert, State High School Basketball Championship at McCamish Pavilion, or a city-wide marathon race.

6.9.3 Reservation Process

1. All Level 1 and Level 2 requests for the use of any Georgia Tech facilities from sources external to the Institute must be submitted to the appropriate contact as listed at <https://space.gatech.edu/georgia-tech-buildings-that-rent-spaces-to-external-clients>. The appropriate building contact will evaluate such requests under applicable Institute policies. Level 3 requests must be made in writing to the Executive Vice President for Administration and Finance or his/her designee.
2. Once the initial inquiry has been made, the date for the event will be checked with the appropriate scheduling officer. The following considerations will be reviewed:
 - a. The availability of the desired facility;
 - b. The description of the proposed event;
 - c. The organization's ability to meet expenses and the attendant costs for the event;
 - d. Anticipated attendance;
 - e. Supervision and control of the facility;

- aa. Parking considerations;
- bb. Housing needs;
- cc. Coordination of campus support services; and

3. Insurance

Once it is determined to accommodate the event, the external organization must produce proof of appropriate insurance coverage, as determined by the Office of Risk Management. The appropriate scheduling officer will be responsible for processing the contract, obtaining the insurance certificate, explaining the charges associated with the event, and completing all necessary paperwork for the event.

4. Contracts

At the time the insurance coverage is presented, two originals of a Georgia Tech contract must be signed by the external organization. The contracts are then sent to the appropriate administrator for execution. Once executed, a copy of the contract is sent to the external organization and a copy is kept on file by the scheduling officer. The external organization is to be given no confirmations or guarantees until the contracts have been executed. When the contracts have been executed, a copy will be sent to the event organizer.

5. Advertising

Advertising shall not begin nor shall invitations be extended until after the proposed event has been approved and all contracts fully executed.

6.9.4 Charges for Use of Georgia Tech Facilities

Depending on the nature, duration, and special requirements for events, the following charges may be assessed:

1. Use of Facility;
2. Event Supervision;

For all other event venues, the balance of all charges is due within fourteen (14) days following the receipt of an invoice. Invoicing of activities will be a function of the appropriate scheduling officer for the facility rented and shall comply with all Georgia Tech policies and procedures governing accounting activities.

6.9.5 Student Organization Co-Sponsored Event

If a Georgia Tech student organization co-sponsors an event with an external partner, the event will be treated as an external event under these procedures.
